

No more Keys

Are you frustrated by lost door keys and all the expense involved in replacing?

Don't know who's got keys

"Applying technology to security"

Do you think it is too expensive to put Access Control on Offices or plant rooms.
Think again...

Glass doors

Use your existing access control card

Padlocks

Imagine being able to control access to your building with no expensive wiring or WIFI infrastructure needed. All your locks communicating with a central PC by using the key cards as their network!

This is done by means of a few strategically placed on-line access readers that also serve as data transporters. It allows security managers or other users to easily monitor all their main access points and all their interior doors too and thanks to its audit trail capabilities enables them see exactly who was where and when.

VAT 778 293279 Registered in England and Wales No 6448097
Registered Office: Gainsborough House, Sheering Lower Road, Sawbridgeworth, Hertfordshire. CM21 9RG
